## PROFESSIONAL EXPERIENCE

### Web Developer

TalCube | 2022 – Present

Worked as a Frontend Web Developer for businesses and brands by developing websites & web applications to solve their business/brand needs and helping them serve their customers better.

### Web Developer

GrowLB | 2022 – Present

Worked as a Freelance Web Developer to develop landing pages and websites for business owners across industries like Landscaping and Junk Removal to increase their online visibility.

### Technical Tutor

uLesson Education | 2022 – 2023

Worked as a Technical Tutor with a skilled team to provide coding lessons to kids to help them develop their coding skills in programming languages like Scratch, HTML, CSS, JavaScript etc.

### UI/UX Intern

Side Hustle | 2021

I acquired the knowledge required to be a UI/UX Designer. I worked alone to design a 3D login page. I also worked hand in hand with my team to accomplish tasks and deliver before the deadline. And worked on capstone projects with my team
